

# Your Guide to PHCC's Enhanced Service Groups

**PHCC's Enhanced Service Groups** provide education, events, networking and additional resources specifically designed for three distinct industry segments.

## QUALITY SERVICE CONTRACTORS (QSC)

**PHCC Service and Repair Contractors** benefit greatly by investing in QSC and taking advantage of the guidance, education and the provision of resources offered to run their businesses more efficiently and profitably. Business coaching is QSC's most popular and sought-after benefit, followed by custom-designed training and networking events that address the needs of PHC Service and Repair professionals.

## CONSTRUCTION CONTRACTORS' ALLIANCE (CCA)

Today's **Construction Plumbing-Heating-Cooling Contractors** face more and greater challenges every day. CCA serves as an open forum for PHCC's plumbing and mechanical contractors specializing in residential, industrial, commercial and institutional new construction to exchange new and innovative ideas. Active involvement in CCA will help identify and address challenges through events, and annual functions focusing on topics decided upon by CCA participants.

## UNION-AFFILIATED CONTRACTORS (UAC)

**PHCC's Union-Affiliated Contractors (UAC)** are comprised of union signatory contractors, local and state association executives and representatives of the United Association and other joint labor-management groups. The UAC is committed to addressing the special concerns of union signatory contractors and improving the working relationships with the UA, joint apprenticeship and other labor-management groups.

**PHCC Associate Members** may also choose to increase their membership investment and heighten awareness of their organizations via participation in one or more PHCC's Enhanced Service Groups. Opportunities to present education, exhibit in tradeshow, sponsor events and subscribe to numerous marketing options are just a few of the benefits available to this valuable PHCC member segment. These industry partners are vital components to each of PHCC's Enhanced Service Groups' missions, consistently being sought out for information, support and knowledge regarding current and future industry trends.

### Increase the Value of your PHCC Membership.
